

GREAT BRITAIN NOT PROPERLY
PREPARED FOR CONFERENCE
—AUSTEN CHAMBERLAIN
SAYS BRITAIN, U. S. AND JAP-
AN STILL VERY FRIENDLY—
MUSOLINI'S VIEW ON ITALY
AND FRANCE

London, Dec. 10.—The Laborite Daily Herald today prints an exclusive interview by its Geneva correspondent with Sir Austen Chamberlain, British foreign secretary on the European disarmament situation. Discussing the tripartite naval disarmament conference of last summer, Sir Austen said this was an unfortunate example of the danger of going into conference with other powers on a vital question without having at first ascertained what sort of argument might be expected. The editor of the paper, showed that while Great Britain and America could agree, Great Britain and Japan could agree and Japan and America could agree, the three planks of this triangle could not be joined.

Sir Austen, however, was encouraged by the fact that failure had not embittered the very friendly relations of the three governments. In confirming that Maxim Litvinoff, Soviet foreign minister, sought the recent interview with him, Sir Austen said he was inclined to regard the conversation as premature. Neither government, he asserted, had changed its position on the question in dispute and therefore no progress was made. He did everything in his power, he said, to disabuse the Soviet representatives of their obsession that Great Britain was planning to attack and isolate them. He said Foreign Minister Briand of France and Stresemann of Germany had endeavored to convince Litvinoff that Great Britain had not made any overtures to them in that direction.

In discussing Premier Mussolini of Italy, Chamberlain said it was not his business to form any judgment of Mussolini's internal policy, but he admitted the force and directness of the man, who was a Fascist only because he was an Italian and who would have been a man of mark no matter where born. Sir Austen did not believe that relations between France and Italy were as grave as had been represented in some quarters recently. He quoted Mussolini as saying to him: "France and Italy quarrel like brothers, but

will never have a serious misunder-
standing." He thought the newspapers of
both countries had been aggravating
the difficulties. He did not believe
Mussolini exercised the close control
of the Italian press he was said in
France to exercise.

Chamberlain denied that his re-
cent talk with Premier Primo de
Rivera of Spain was resented in
French official quarters. He said the
French government knew his views
too well to regard suspiciously his
meetings with the statesmen of other
countries or to suppose that these
would be used to any other purpose
than to maintain good understanding
and smooth difficulties. He hoped
that his meeting with Primo de
Rivera had contributed to this end.

GRATUM JUNIORS DEFEAT
MACLEOD

The Gratum Juniors won their
third victory on Friday night, Dec.
9th, when they defeated Macleod 5
to 4 on the home rink. In every
round so far they have shown them-
selves to be a fast and well balanced
team.

They set a fast pace on Friday
when they scored four goals in the
first period to Macleod's 2.

The visitors tried hard to even
matters in the second period when
they scored two goals to Gratum's 1.

In the third period the home team
showed traces of the strain in the
opening round and went scoreless,
while Macleod added their fourth
tally.

The youngsters on both sides played
good hockey. Duncan MacKenzie
and Earl Marsh starring for the
home team, while Gordon Blair
played his usual reliable game in goal.

LOU WARD IS GIVEN \$22,116.47

Calgary, Dec. 13.—Lewis P. Ward,
fireman on the westbound train on
the C. P. R. from Dunmore to Leth-
bridge, on April 9 last, which collided
with another train going east at
Seven Persons, was awarded \$22,
116.47 for the injuries received by
him in the collision. Ward, who was
quite an athlete, in addition to his
qualifications as an engine man and
fireman, had both of his hands
amputated, except the thumbs. There
was no dispute as to the facts, and
his lordship was only asked to
determine the damages. Costs of the
trial and costs of the examination
for discovery were given for the
plaintiff. David Campbell, K.C.,
Winnipeg, and C. F. Adams, K.C.,
acted for the plaintiff Ward; A. A.
McGillivray, K.C., and D. W. Clap-
per for the C. P. R.

POUNDED ANIMALS (SEC. 48)

Notice is hereby given under Sec-
tion 48 of The Domestic Animals
Act (Municipalities) that the fol-
lowing animals were impounded in
pounds as respectively stated and
on dates as to impoundment and sale
as below:

Impounded in the pound kept by
John Koole, on the S.E. Quarter 6-
10-24, W. 4th meridian, on Tuesday,
the 22nd day of November, 1927, one
brown mare with colt at foot, in-
distinct brand on right shoulder,
weight about 1150 lbs. and said
animal was sold on Wednesday, the
7th day of December, 1927, to H.
Buckman, of Pearce, Alberta.

And that said animals may be re-
deemed by the owners or on their be-
half within a period of thirty days
from the publication of this notice
in The Alberta Gazette, upon pay-

CANADA'S PAYMENTS SUR-
PRISE NEW YORK — PAY-
MENT OF \$100,000,000 MATUR-
ING LOANS IN CASH
SHOWS OUR PROSPERITY

Toronto, Dec. 13.—A special dis-
patch from New York to the Tor-
onto Mail and Empire says "pay-
ment in cash of \$100,000,000 of loans
by Canada to New York bankers,
calls attention to the prosperity of
the Dominion and serves to em-
phasize certain important invest-
ment buying trends, there which
may change the amount and char-
acter of Dominion borrowing here."
"In the Dominion from the end of
the war until 1925 capitalists put
their funds into government loans,
which caused more than 70 per cent
of its total debt to be held by
Canadians. The quickening of the
business pulse that resulted from
such investments started the Cana-
dians to buy junior securities and
allow the senior issues whether gov-
ernment or corporate, to be market-
ed abroad."

ADVICE FROM A RED CROSS
NURSE—"WINTER COLDS AND
HOW TO CURE THEM"

A cold is not a recognized cause
of death, yet it is in danger of soar-
ing to the highest place among causes
of death, carried higher by the
recognized dangerous diseases. Colds
are usually very contagious, the in-
fection being spread by drops of
mucus sprayed into the air through
coughing, sneezing or speaking.
Contact with persons who have had
colds must be avoided and when the
children cough and sneeze and have
running noses, their mother must
keep them at home until cured. In-
flamed tonsils, adenoids and nasal
growths are all predisposing factors
in colds as they act as centres of
infection. It is desirable to have
them attended to at once.

Do not over heat your home. Keep
it around 65 degrees Fahrenheit. That
is a good temperature. Here in the
West we often err in overheating
our houses, and add to that sin the
evil of a bad system of ventilation.
It is no wonder in such an atmos-
phere that colds spread through a
family, from the family to the school
or all over the town.

The treatment for a cold is
simple enough. "Go to bed at once
and stay there till better" is the
advice of a well-known doctor. Drink
lots of water and such drinks
as hot lemonade, black currant
juice are all excellent. Drugs should
only be taken under the doctor's
advice. Hot footbaths (about 110°F.)
are effective followed at once by
bed. Do not try to "check a cough"
rather try to expectorate as this
relieves the congestion. Rub the
chest with warm camphorated oil.
Avoid all quick remedies and so-
called catarrh cures.

If there is high fever, call your
doctor at once. You will lessen the
danger of complications, the sym-
ptoms of which cannot be always
recognized by the patient's friends.
To "coddle a cold" may cost you
the loss of a few days' work or
amusement; to neglect it may cost
someone his life, for the chain of
infection is never-ending.

Valuable health literature on the
subject of cold is obtainable free of
charge from the Red Cross Health
Office, 408 Civic Building, Edmon-
ton, Alta.

MACLEOD HOCKEY TEAM DE-
FEATED GRATUM IN SECOND
EXHIBITION GAME

The first hockey game of the
season to be played on Macleod ice
by the senior team was pulled off
on the Macleod rink last Friday
night between the Gratum and Mac-
leod teams. There was a good
crowd to witness the game both of
Macleod and Gratum fans, and the
fans were not disappointed, for it
was a good, fast game and some real
hockey was displayed by both teams.
The Gratum boys showed better
combination than those of Macleod,
evidently they having had more
practice, and the Macleod team was
short some of their players. Great
credit is due to Mr. Butler for
stepping into the vacant goal for
Macleod, as he has not played
hockey for a number of years, but
his defense of the net showed that
he has not forgotten the way to
handle the stick. The game resulted
in a win for Macleod with a score of
4 to 3. The lineup:
Gratum—Goal, Carmichael; de-
fense, Moore, Wray, Boyle; forwards,
York, Wall, Tretlow, Shapter,
Vant, Bailey.
Macleod—Goal, Butler; defense, W.
Hamilton, McDonald, Kirk; for-
wards, Townsend, Dillingham, B.
Hamilton, Graham, Parker.
Referee, Bev. McLean.

CATHOLIC WOMEN'S LEAGUE
BAZAAR PROVES SUCCESS

The Holy Cross Catholic Women's
League held a most successful
bazaar and afternoon tea Saturday
last in the town hall, Macleod. Con-
sidering weather and road conditions,
it was surprising to see so many
friends of the league present. The
patronage was good and the ladies
report that with the exception of a
few fancy articles practically every-
thing on display was sold. The tea
tables were kept fairly busy all
afternoon, but the weather affected
this department of the bazaar more
than any other. However the ladies
are well satisfied, and the funds of
the league have been considerably
augmented as a result of the bazaar.

Mrs. J. J. Burke, president of the
league, was the chief genius in the
organization of the bazaar, but like
all other affairs of a like nature she
was ably supported by a band of
willing workers.

The work table was in charge of
Mrs. J. Paisley and Mrs. M. Dono-
hue; home cooking table, Mrs. M.

JORDAN AND MRS. NEVUE; TEN TABLES,
MRS. ROBERT McDONALD, CONVENOR,
ASSISTED BY MRS. CARTER, MRS. R.
WALSH, MRS. MURPHY, MRS. GRAHAM,
MRS. HANNAHAN, MISS STAPLETON,
MRS. RHODES AND MRS. HALL. THE TEA
TABLES WERE SERVED BY MRS. McDON-
ALD, MRS. T. DRINKWATER, MRS. L. D.
HUNTLEY, MRS. W. J. RYAN, MRS. ST.
GEORGE, MRS. G. PARKER, MRS. Wm.

GRIER. MRS. WALSH, SR., and MRS.
C. J. REACH poured tea and coffee,
and the fish pond and candy stand
were in charge of Miss M. Graham
and Miss W. Reach.

The following were the winners of
the various prize drawings: Bed-
spread, Mrs. J. Gemmill; table scarf,
Miss Gladys Strain; pillow cases,
Miss Boyde Loyast; turkey, Miss
Florence Demare.

The Edgar orchestra played a
number of musical selections dur-
ing the afternoon which were much
enjoyed. It is worthy of note that
the ladies have given their church
services free for all the four church
bazaars which have been held the
past four weeks.

THE EMPRESS THEATRE -- CURRENT ATTRACTIONS

OLD BILL IN THE MOVIES—SYD
CHAPLIN PLAYS THE CHAR-
ACTER IN "BETTER OLE"
THAT FURNISHED THE COM-
EDY OF THE WAR

Who was it that furnished the
comedy relief during the war when
the allies were fighting in the depths
of despair and the toll and horror of
war had brought terror nerves to the
breaking point? Who was it that
enabled the war workers keyed up to
the last pitch to relax and refresh
themselves in laughter over the
lighter side of the war? Who was it
silver lining?

It was Old Bill Busby, the uni-
versally beloved cartoon character
created by Bruce Bairnsfather, the
English cartoonist, and it is this ec-
centrically comic old British Tommy
which Syd Chaplin brings to the
Empress Theatre on Wednesday
and Thursday next.

In "The Better Ole," Old Bill,
gruff, terse, stolid, with walrus
mustache, stubby pipe, baggy uni-
form, woolen muffler, fingerless
mitts, Flanders mud, a heart of gold
and a delicious sense of humor, is
discovered with his regiment.

Whether under fire in the trenches
or resting in a front village behind
the lines, he is the same methodical,
nonchalant old trooper, fatalistic
and hilariously resourceful.

Two hundred and fifty British
Tommyes who had lots of actual
experience "over there" are in the
cast. In order that the picture might
be militarily correct, Major Harold
Harcourt, of the British Expeditionary
Force, supervised the military techni-
cal details. Charles Reisner directed.

DICK BARTHELMESS HEADS AN
ALL-STAR CAST IN NEW FILM

An all-star cast of exceptional
merit supports Richard Barthel-
mess in "The Drop Kick." First
National's production of Katherine
Brush's story of college football life
which comes to the Empress theatre
next Monday and Tuesday.

Playing opposite the star is Bar-
bara Kent, a Wampas baby star,
who has developed into a young
lady of high promise.

An important role is played by
Alberta Vaughn, who is a star in her
own right. In several films,
Dorothy Revier, dark, exotic villan-
ess, enacts the role of Brad Hathaway
by Eugene Strong—who was starred
in several pictures several years ago.
Hedda Hopper enacts the role of
Barthemless' mother and Barbara's
mother is played by Mayme Kelso.
James Bradley, who appeared
with the star in "Classmates," has
the role of "Bones" Allen, and
Brooks Benedict, who was with Bar-
themless in "Ransom's Folly," does
the part of Ed. Pemberton. The part
of the dean of Shoreham College, the
locale of the story, is played by
George Pearce.

Ray Rockett produced the picture,
and it was directed by Millard Webb.
Camera work was done under the
chieftainship of Arthur Edson, and
Dick Hyland, famous Stanford foot-
ball star, acted as technical advisor.
Some of the most thrilling football
scenes ever photographed are to be
viewed in this latest Barthelmess
feature.

ALBERTA WINS THE WAR!

A funny side of the World War is
revealed in "Ain't Love Funny," an
F. B. O. production starring Alberta
Vaughn which comes to the Empress
Theatre next Friday and Saturday.

The story deals in a most enter-
taining fashion with the patriotism
of a very young and a very beautiful
girl who is sure that the winning of
the war rests solely on her slim
shoulders. She begins by tossing
aside her childhood sweetheart and
devoting her time to the welfare and
happiness of the soldiers who are
about to sail. She devises a unique
method of enlisting young men and
sends each one across with the de-
sire to become a hero. Her scheme,
however, eventually backfires and she
finds herself in a very complicated situation
and only after a series of hilarious
plights that peace and happiness are
restored. Del Andrews is to be
given credit for his deft direction,
and the cast which includes Thomas
Wells, Charles Mailles, Syd Crossley,
"Babe" London, and Johnny Gough
is particularly well chosen. The
original story, "War and Helena,"
by Kay Clement and Lela Gidley
was adapted for the screen by Ed
Anderson.

The first thing a stranger in any
town learns is that all the street
cars scheduled to go on past the
place where he's standing.

BAIRNSFATHER'S IDEA OF
CHAPLIN

Captain Bruce Bairnsfather, who
created "The Better Ole" cartoon
during the war and then wrote the
play in collaboration with Arthur
Eliot, has this to say of Syd Chaplin's
performance as Old Bill, the cen-
tral character of "The Better
Ole," which, in its screen version,
produced by Warner Bros., is to be
at the Empress Theatre next Wed-
nesday and Thursday.

"I think it is particularly fitting
that Syd Chaplin, who is an Eng-
lishman, should play Old Bill. Syd's
experience in the music halls of
England gave him exactly the right
perspective. He has instinctively
the British sense of humor.

I think Old Bill is Chaplin's
greatest impersonation. One of the
few things that the character and
actor have in common is a fine, in-
stinctive sense of humor. Syd Chaplin
understands Old Bill as well as
I do, and I think that is why his
performance is so excellent. He has
brought to life vividly all the de-
tailed eccentricities of "The Better
Ole," and made him exactly what
he was—a human, simple, lovable
soul.

"Old Bill meant to get all the fun
that was possible out of life, and
in finding humor in the most calam-
itous positions, he made the man
safely at home a bit ashamed of
himself, and, at the same time, a
bit grateful to the old philosopher
who thought so little of himself and
so much of everyone else.

"A man who can make the world
laugh is a king in his own domain.
Syd Chaplin has won his royal title."
Not since Frank Bacon did
"Lightning" have there been a char-
acter of the theatre that won the
love of audiences so warmly as Syd
Caplin's Old Bill. The gruff of
soldier of the walrus moustache and
the tender heart is about the last
role in which the average person
could envisage the brisk, alert, de-
bonair Syd Chaplin. They forget
that Syd Chaplin is a character actor
who handled every sort of role
before he became identified in the
public mind with the frothy frivolities
of "Oh! What a Nurse!" and
"The Man on the Box." Whatever
role he plays, Syd Chaplin is the
character.

LADIES HOSPITAL AID BENEFIT
FOR HOSPITAL OLD FOLKS

DRAMATIC SCENE AT GENEVA
WHEN PILSUDSKI BOLDLY
ASKS "IS IT PEACE OR WAR?"

Geneva, Dec. 10.—"Peace or war?"
that was the question Premier
Pilsudski of Poland, dramatically
asked Premier Waldemaras of
Lithuania at a secret session today
of the council of the League of Na-
tions at which an agreement "in
principle" was reached on the Polish-
Lithuanian controversy.

"It is peace," answered the
Lithuanian leader clearly, looking
the Polish leader full in the eye.

Ten, the two statesmen un-
dertook certain reciprocal engage-
ments to guarantee peaceful settle-
ment of the controversy which had
caused such tension in the Baltic states
and for that matter in all Europe.

The crisis in the negotiations was
supremely dramatic as described by
those present at today's secret ses-
sion of the council when the Baltic
quarrel, in the view of the council
members, was liquidated.

Premier Pilsudski, Poland's iron
marshal, his face grim and haggard
with lines caused by the fatigue of
his journey from Warsaw and ex-
haustive conversations with various
statesmen, leaned suddenly over the
table. He pointed his finger at the
diminutive but energetic professor,
who is Lithuanian premier, and ex-
claimed:

"I have a definite question to put
to the honorable representative of
Lithuania: Is it peace or war?"

The Lithuanian premier did not
quail under the gaze of the Polish
marshal. He looked Premier Pilsudski
full in the eye and answered clearly:

"It is peace. I no more need per-
sonally to discuss details of the
settlement which I leave to my
foreign minister, M. Zaleski. I shall
order a tedium of joy to be sung in
all the churches of Poland."

CANADIAN WHEAT AT CHICAGO

Out of a possible 35 prizes in the hard red spring wheat classes, Canadian exhibitors at the International Livestock Exposition in Chicago landed 21 prizes. In the first 20 awards, Canadians took 13, including first and third.

Outstanding was the exhibit of Herman Trelle of Wembley, Alberta, whose Peace River farm yielded a wheat sample that weighed 66.2 pounds a bushel and which was awarded the reserve grand championship.

The supremacy of Canadian wheat

makes Canada the champion wheat-growing country of the world. The supremacy of Peace River wheat makes Peace River the champion wheat-growing section of Canada.

THE SCIENCE OF LIPSTICK

This is, beyond peradventure, a scientific age. Research is poking its nose into everything. Whatever we do and even what we think is subjected to the inquisitiveness of men who know.

It is not surprising, then, to read a news despatch to the effect that science has now taken a hand in the colors that beautiful women should wear upon their cheeks, their lips and their backs.

These scientists say, for instance, that the choice of lipstick should be governed by the weather. Thus, on a cloudy day, a blonde should smear her lips with coral rose shade. In the evening a strawberry tint should take its place. On ordinary days, a blue tone should be plastered over her cupid's bow.

Thus does science serve beauty. But so much for appearance. Might men man not respectfully call the attention of science to the matter of taste?

For it is beyond argument that the

average lip rouge, no matter how it may be sweetened by the dainty flesh beneath, tastes like the very devil.

Now that science has settled the matter of shade, science should engage itself with the matter of flavor. And, once again the consideration should be seasonal. What, for instance, could be sweeter than to kiss, on a cold and frosty morning, lips that are savored with the subtle warming aroma of ham and eggs? Or on witching moonlit nights, how beautiful it would be to salute lips that had been generously touched with a lipstick flavored with the rare romance of a gin fizz. For high school pupils, a chocolate flavor would be indicated. Elderly and seafaring gentlemen would, perhaps, be most enchanted with the savor of rum. For kissing a baby, a peppermint flavor would be prescribed. The possible varieties are infinite.

The investigation could even be carried into the realm of the spiritual. What could be more appropriate for the lipstick of the lady who chanced to offer her chaste puckered lips during Lent, than the faint and soulful odor, that ancient and honorable Lenten favorite—canned salmon?

To what holy heights would the soul of that lover not soar who happened to run his face into that?

ALBERTA LIVESTOCK WIN- NINGS, TORONTO ROYAL FAIR, 1927

Establishing a record never previously equaled by any other province in the Dominion, Alberta by the awards won this year at the Toronto Royal Winter Fair offers substantial proof of the high quality of its livestock. The winning of forty-nine prizes and championships by the forty-six head of cattle shown, seventeen awards by the thirteen horses shown and twenty-one ribbons by the twenty-one sheep shown is an indication of the type of animals sent from Alberta to meet the keen competition which always appears in the various rings at Toronto.

Especially notable is the showing made by the University of Alberta with the beef steers of the different breeds contributed by various breeders in the province and fitted for show by the department of animal husbandry and almost equally good are the awards secured in various classes by other Alberta livestock owners who prepared their own exhibits for this great Canadian show.

Alberta's share of the honours, as announced from Toronto at the conclusion of judging and subject to revision, is as follows:

- 4 Grand Championships.
- 1 Reserve Grand Championship.
- 10 Championships.
- 4 Reserve Championships and one special prize.
- 25 First Prizes.
- 12 Second Prizes.
- 8 Third Prizes.
- 8 Fourth Prizes.
- 5 Fifth Prizes.
- 4 Sixth Prizes.
- 1 Seventh Prize.
- 2 Eighth Prizes.
- 1 Twelfth Prize.

43 Cattle won two grand championships, one reserve grand championship, seven championships, one special, thirteen first prizes, seven second prizes, five third prizes, four fourth prizes, four fifth prizes, two sixth prizes, one seventh, one eighth and one twelfth prize—total 49 awards.

13 horses won two grand championships, two championships, two reserve championships, five first prizes, three second prizes, three third prizes, four fourth prizes one fifth prize and two sixth prizes—total 21.

21 sheep won one championship, two reserve championships, five first prizes, three second prizes, three third prizes, four fourth prizes one fifth prize and two sixth prizes—total 21.

MACLEOD PIG CLUB PORKERS BRING 75¢ PREMIUM ON CAL- GARY MARKET

The secretary of the School Fair received a letter from Mr. W. M. Cockburn, of the School of Agriculture, Clareholm, who is Pig Club Organizer for Southern Alberta, giving the results of the sale of the car of feeder pigs that was shipped to Calgary from the Macleod Pig Club on Monday, Nov. 28th.

Mr. Cockburn states that he sold to P. Burns Company for a premium of 75¢ per cwt. over the best price quoted by buyers, by a special arrangement with the general manager

Twenty-First Annual Meeting of United Grain Growers Limited

Reports Show Successful Year and Sound Financial Condition of Company—Delegates Insist on Maintaining Livestock Marketing Service.

Winnipeg, Manitoba, Dec. 5th.—Two outstanding features marked the discussions of the delegates attending the twenty-first annual meeting of United Grain Growers last week.

The first was the refusal of the delegates to allow the closing of the Company's livestock business in Alberta. The Directors' report outlined the development of the new Provincial livestock marketing organizations in each of the three provinces and recommended that they had been getting for their livestock. The meeting asked for information on the plans of the new provincial bodies and was addressed by A. B. Claypool, representing the Alberta Co-operative Livestock Producers, Limited, W. D. McKay of the Saskatchewan Co-operative Livestock Producers, Limited and I. Ingaldson of the newly organized Manitoba body.

After a lengthy discussion, and in spite of the fact that the Directors pointed out possible losses from continued operations of the livestock business, the meeting passed a resolution instructing the Board of Directors to continue livestock operations at St. Boniface, Edmonton and Calgary, and to re-open at Moose Jaw if considered advisable.

The reports submitted to the meeting showed that the financial year which closed on August 31st last was one of the most successful in the history of the Company. Net earnings for the year were \$720,265.94. The balance sheet showed current assets of \$4,942,000.00 against current liabilities of \$2,555,000.00. At the end of August the Company had in cash and in Government bonds alone over \$300,000.00 more than would have been required to pay every dollar of its current liabilities. In the Shareholders' Cash and Surplus Account there is now \$5,085,066.31 as compared with the capital stock paid up by shareholders amounting to \$2,979,078.48.

The four retiring Directors were re-elected on the first ballot. These are: Hon. T. A. Crerar, C. Rice, Jones, John Kennedy and D. G. McKenzie.

rest were ready, so her best pig tipped the scales at 250 lbs. in Calgary. Furthermore by carrying out the instructions of the supervisor, she succeeded in producing what the grader judged to be the best select for her other hog, which was not of the best bacon type to begin with. Lillian receives a cheque for her two hogs which amounts to \$10.75 more than her note for the two feeders and the pure bred sow. Thus she has her sow left and \$10.75 for her feed and work, with the sow insured until next July. Lillian also got the first prize of \$10.00 at the School Fair for one of her feeders, and fourth prize of \$4.00 for her pure bred sow, so she has \$24.75 in money and her sow left, after paying for her three pigs.

Helen and Glen Sibbitt shipped three hogs, all of which graded select. Reubin Thelin, Roy Tolley, Laura Thelin, Harry and Graham Faunt each produced one of their pair as a select hog.

If the weather will permit the Clareholm club will ship this week, after which the scores on the various loads will be announced. It is understood Macleod has scored very well compared with some of the loads already shipped. The special prizes still to be awarded to the Macleod club will be announced when the final scores are made.

hitherto been peculiar to high-
priced cars.

The transmission departs from
conventional light car practice in
the use of ball and roller bearings
instead of bushings. These bearings
make for more satisfactory opera-
tion, smoother performance, and
longer life. The steering gear also
is unique in the light car field, being
of the irreversible worm and sector
type with the worm carried in ball
bearings. Front end weight of the
car is carried on roller bearings
which are placed at the top of the
spindle bolts, and the result of these
refinements is unusual ease in steer-
ing.

Transverse semi-elliptic spring-
ing is used, and for it Ford engine-
ers claim the following advantages:
that the springs contact with the
frame at only one point and that
in the centre line of the chassis with
the result that the chassis is sub-
jected to no twisting strains; that
it permits the full torque take drive;
that it reduces unsprung weight to
a minimum and improves riding
qualities; that the springs have only
their natural function of absorbing
road shocks to perform; and that
danger of uneven application of
front wheel brakes is avoided be-
cause the front axle is held rigidly at
right angles to the chassis, and the
line and there is no possibility of
uneven tension upon brake rods. The
brakes are of special Ford design
and operate on the inner surface of
substantial steel drums. All brake
parts are cadmium plated as a pre-
caution against rust and each brake
is instantaneously adjustable
through manipulation of a small ad-
justing stud on the exterior of each
brake drum. Brake pedal or hand
lever will apply all four brakes
simultaneously. Sixty per cent of the
braking effort is applied to the rear
wheels and forty per cent to the
front wheels.

The new car is completely
equipped with five steel spoke
wheels, improved method of chassis
and motor lubrication, four hydraulic
shock absorbers, speedometer,
windshield wiper, rear-view mirror,
remote door-latch controls. There
are six body styles; Tudor, Fordor,
Coupe, Sport Coupe, Phaeton and
Sport Roadster. Each style will be
available in an extensive range of
optional color combinations.

Unusual performance unprecedent-
ed in the light car field is claimed
for the new Ford Model "A". It will
attain a speed in excess of 60 miles
per hour and may be held at that
speed for long periods without dis-
comfort to passenger or injury to
the mechanism. It accelerates at a
terrific pace and seems literally to
leap away when the clutch is en-
gaged. It has been driven at more
than 40 miles per hour in hard
moderate gear. It manoeuvres with
great ease, negotiates the roughest
roads at speed without undue body
motion, holds on a sharp unbanked
curve at 45 miles per hour and has
a turning radius of only 17 feet.

Production at present is centering
upon the Tudor model. Other models,
including the Model "AA" truck and
Light Delivery Models will be avail-
able as the task of swinging over
the huge factory at Ford, Ontario, is
completed.

ADVICE OF A RED CROSS
NURSE — MAKE CHRISTMAS
SAFE FOR THE CHILDREN

With the great pleasure and fun
of Christmas time it seems sad there
should be any tragedy or ac-
cident as often is the case. Make up
your mind that Christmas in your
home will not only be happy, it will
be safe.

Let there be extra watchfulness
that the decorations often used at
this season, as well as the candles,
are in no danger of taking fire. In-
deed, health authorities are urging
the custom of lighting candles on the
Christmas tree should be abolished
altogether, as the risk is too great.
Watch your little children if there
is an open fireplace and Santa
Stockings are hung near by "Better
be safe than sorry" is a good motto
at a Christmas party.

When buying their toys, choose
some of these delightfully sanitary
toys for the baby, which are
boiled and kept clean. Made of
turkish towelling these animal toys
are just the thing for the little folk
as they are soft and "Cuddly", and
can be thrown in the wash boiler
when dirty and come out new again.
Beware of the toy made of tin with
sharp edges that may inflict a cut or
scratch, thus inviting blood poison-
ing. Consider each toy from a safety

standpoint when selecting. From a
beauty view point many toys are
decidedly ugly and grotesque and un-
like anything human or of the animal
world. Give your child, then, some
thing pretty to play with, that will
please the eye. Toys with gaudy red
and colored paint are not wise for
small children, who put everything
into their mouths. Choose something
that the child can "make believe"
and dramatize in play for himself, rather
than a costly mechanical apparatus
which turns him into a mere
spectator.

Books are an unfailing source of
delight, and today we can buy some
very fine books for a small sum.

This year many little children are
trying to make other children happy
by selling Junior Red Cross seals for
the benefit of the sick and
crippled ones in the Red Cross
Hospitals. Let us all do our best to

seal campaign by purchasing from
these young people.

The seals may also be obtained
from the Junior Red Cross Office,
Civic Building, Edmonton at the rate
of ten cents per package of ten.

MOTORISTS WARNED AGAINST
DANGER OF CARBON MONOX-
IDE POISONING

The season is under way when
motorists cannot afford to be in-
different to the dangers of carbon
monoxide poisoning, which increase
enormously with the coming of cold
weather. This warning is sounded
by Charles H. Grant, K. C., presi-
dent of the Alberta Motor Association
who points out that while every sea-
son brings knowledge of this danger
to car owners, the death toll from
monoxide poisoning increases annu-
ally.

"Carbon monoxide is a subtle en-
emy," says Mr. Grant. "It strikes
without warning. This gas, which is
generated in the combustion process
within the automobile engine, is color-
less and odorless. But this does
not mean that the motorist need be
unaware of its presence. He should
know that wherever there is an auto-
mobile engine running in a small
closed space, there is carbon monox-
ide. In the open these potentially
poisonous fumes mix with a greater
quantity of air and consequently
their effect is not serious.

"The small private garage is the
scene of many tragic effects of this
poisoning. In the conventional sized
garage of this type the engine run-
ning three minutes will generate en-
ough carbon monoxide to kill. Be-
cause of this the car owner should
exercise extraordinary precautions
against running the engine with the
garage doors closed. Even warm-
ing-up process should be completed
in the open air.

"The person who has been over-
come by this poison in some cases
maybe revived if removed to the open
air, and if artificial respiration
methods are applied immediately. But
this in most cases is inadequate. The
only certain way to avoid a
tragedy is to avoid the slightest con-
tact with this ever-present danger
of winter motoring."

XMAS ARRIVALS

The weather is most disheartening, but Christmas is too long established an institution to be held up by the elements. Xmas is coming certainly, and we have anticipated its coming with one of the best assorted stocks we have ever had, just as if we were all threshed, or grain marketed, and our bills paid. This latter happy condition will come just as surely as Xmas is coming. It will almost certainly be later in coming than Xmas, but let us make the best of the situation and have our Xmas just as of old. It doesn't matter much to the grown ups, but Santa Claus must come to the children, as he has always come, out of the great north with his reindeer and sleighs, and surely the sleighing is good enough to dispel all doubts in the child mind as to his ability to arrive on schedule time. So let us all co-operate to make the best Xmas possible under the circumstances.

Xmas baking must be done. We have all the materials of the highest quality obtainable, and at very reasonable prices. Xmas Trees must be decorated, Xmas stockings must be filled. We have candies and chocolates, and nuts, and fruits to no end, with special prices for Xmas Tree entertainments. So let us have a regular Xmas, even if the weather is all turned round.

LOCAL AND PERSONAL NEWS

Mrs. (Dix) Brayton arrived at Jumbo Valley on Wednesday, December 28th.

Mrs. F. C. Wintemute has been ill for the past week but is now recovering.

S. E. Gust, of the Gust Stores, was a Macleod business visitor on Tuesday, inspecting the local branch.

J. W. Ross, of Fernie, arrived here on Tuesday of last week to fill the position of teller at the Royal Bank branch at Macleod.

The Rev. E. Barnes, who has been called to the Presbyterian Charge at Granum and Jumbo Valley, has accepted the call at a meeting of Presbytery held in Calgary on Monday of this week, and will be inducted at Jumbo Valley on Wednesday, December 28th.

Mrs. C. D. T. Beecher and Mrs. Hugh S. Dixon went to Calgary on Tuesday to spend the remainder of this week.

Dr. J. M. Brayton arrived in Macleod Thursday of last week to take charge of Dr. Robert Elder's practice during the latter's absence at Montreal and Chicago, and will occupy the same office and residence.

Dr. Robert Elder, accompanied by Mrs. Elder and Miss Bernice, left on Tuesday for Montreal, where they will visit friends till after New Year's, when Mrs. Elder and Miss Bernice will go on to Louisville, Kentucky, for the winter, and Dr. Elder will proceed to Chicago, where

Our Christmas Goods

are now all here and we give you a hearty invitation to come in and look them over. We have quite the largest stock we have ever had and you will find much of interest in the way of gift goods—

he will spend several months in post graduate hospital work.

The Foothill Brewery is donating a handsome cup to become the property of the Hockey Club in the Foothills League that shall have won the league for three consecutive years.

Mr. and Mrs. J. W. Baird celebrated their silver wedding on Sunday last, when they entertained a few friends at dinner, a most enjoyable time being spent. Mr. and Mrs. Baird were the recipients of many beautiful gifts. Mr. and Mrs. Baird were married at Newton Ayr, Scotland, twenty-five years ago last Sunday.

The Brotherhood Club, at the United Church, Macleod, on Tuesday took the form of a turkey supper, when the members were accompanied by their wives and sweethearts. The invitation was accepted by many, and the Hall was filled to overflowing, many having to wait their turn at the tables. A special program was given by the Junior Election Class, under the leadership of Rev. W. H. Irwin. Bob Jackson gave "A Fight Don't Hurt a Fellow" in fine style. Gladys Cooney was excellent in "Little Bessie" and Don Sutherland in "Building a Railroad" was good. Daisy Jackson, in the noted Canadian poem "Quappelle" was better than ever. Rev. W. H. Irwin recited the "Shipwreck" in masterly style. Edgar's Orchestra was in attendance, and with the community

singing all enjoyed "An evening with the Men's Brotherhood."

The Rev. A. C. Wishart attended a meeting of the Presbytery at Calgary on Monday and Tuesday of this week. Rev. Dr. A. S. Grant, of Toronto, Secretary of the Board of Administration of the Presbyterian Church in Canada, was present. At a round table conference on Monday afternoon the work of the church at large was discussed, and on Monday evening he gave a most inspiring and optimistic address on the progress and future prospects of the church. This was the fortieth meeting of Presbytery which he had attended on his cross continent trip from East to West. Dr. Grant resumed his tour westward on Wednesday and will finish up at Victoria next week.

JUBILEE CITY GIRLS' CLUB MEETING

The J.C.G.C. of Macleod met on Saturday in the Parish Hall at 2:30. The meeting opened by singing "O Canada," saluting the flag and repeating the club code. The minutes of the previous meeting were read and adopted by motion of Helen McNabb, seconded by Ruth Ringland. After the club had sung a few songs the Sec. Treas. gave her report. The Roll Call was answered by what you'd like best for Christmas. Birthday greetings were extended to members with birthdays in December.

The results of the election of officers were as follows:

President—Hope Dillingham (re-elected).

Vice President—Edith Armer.

Second Vice President—Muriel Callie.

Sec. Treas.—Jean Day.

Directors—Winnie Lane, Mary McLeod, Daisy Jackson and Ruth Ringland.

Auditors—Lena Elgin and Margaret Hillier.

Corresponding Secretary—Edna Wood.

Muriel Callie and Mina Ringland then sang a song after which Daisy Jackson and Mrs. Sutherland recited.

Refreshments were then served by some of the girls.

HIS PECULIAR WAY

"Old Jake Savage, going yonder is our most peculiar citizen," stated the postmaster at Moonshine Forks. "Is, eh?" returned a casual visitor to that hamlet. "You betcha! Why, when he objects to a slight overcharge in one of the stores he owns up that he is not complaining about the principle of the thing but because he wants the dime."

Complete The Joy of Christmas
Have a Westinghouse Radio in your Home

Expressed in a Westinghouse Radio model, the gift to your family is a lifelong delight. Every day, instead of but once, fresh and new after other gifts are forgotten, a Westinghouse gives countless hours of enjoyment—everlasting reminders of your Christmas wishes. Never before have you been able to buy such a splendid set as the 57 at so moderate a price. It contains all the improvements found in a set twice its price. One dial control makes it as simple to operate as turning on a switch. This new model operates on the new UX-201-B radio tubes which consume but half the current of tubes of equal power—consequently operating charges are cut in half.

You will have to hear and see this model to fully appreciate its beauty and great value. Demonstrations will gladly be given in your own home without cost or obligation. Arrange for a demonstration to-day.
